

Oliver Rathbone - supporting statements and declaration of interests

I am a medical herbalist and publisher. I'm standing for election as I want to bring my experience in business and administration to NIMH. As a membership organisation where the members are in effect the shareholders I believe that NIMH should primarily be run for the membership so priority should be given to effective communication and consultation, membership benefits and communal activities. I also have extensive experience in managing staff, company accounting, and running committees.

Declared interests

Managing director of Aeon Books Ltd which publishes in the field of Herbal Medicine (since June 2017)
